Hockey Notes

Coleman defeated Blairmore on the Frank ice on Wednesday evening. The local players had a rough time coming home as the team got lost at McLaren's mill. S. V. Paterson, Coleman's star player however saved the day. He collected the other players and escorted them up the C. P. R. track. The towns people feel much elated over the game and the saving of so many of her sturdy sons.

Coleman has no more games to play if Michel abandons the league.

Coleman plays Frank at Frank on Saturday.

Even money is now placed on Frank and Blairmore to come second.

Taber wants a series of three games with Coleman.

S. V. Paterson, who at one time played with the wanderers of Montreal, scored four of the six goals for Coleman at Frank against Blairmore. Mr. Paterson has been in Coleman all winter, but the Coleman team has been holding him for the last game which decided the fate of the cup. He has been a dark horse for several months.

UNABLE TO JOIN CONSERVATION CONGRESS

Victoria, Jan. 26—Mr. Elmerfelt, member of the forestry commission, who left for the east early in the month in acceptance of Hon. Clifford Sifton's invitation to be present at the conservation congress, got as far as Golden and returned yesterday, the railway company saying they could not guarantee to get him in Quebec before the twentieth on account of snow blockades. The congress opens on Jan. 26.

Handsome Bequest

Percy Porter received most welcome news on Sunday last, when a wire from Mrs. Porter flashed the news that \$29,000 has been left them by Mrs. Porter's father. The legacy was entirely unexpected by Mr. Porter and when seen by a representative of the Miner, he was very reticent at first afterwards however he admitted that he would have a large controlling interest in the new tourist hotel to be built in Coleman. He will employ only white labor.

Reciprocity Treaty

Coke has been placed on the free list along with grains, and natural products. This will mean a great deal for Coleman as more coke ovens will be built. Several of the Western States are particularly lacking in this commodity.

Building Gaol

The town council is constructing a small but suitable gaol for the accommodation of town guests. There are two steel cages and everything will be constructed so as to permit the best of sanitary conditions.

WANTED—The people of Coleman to leave their watches, clocks and jewellery for quick and satisfactory repairs at Geo. W. Gordon. The graduate watchmaker.

LOCALS

Don't forget Clark's Show Saturday.

R. Sherwood is building a meat warehouse and refrigerator.

LISTEN—You have no job too large or none too small but will be looked after with the same prompt attention, all work is backed by our guarantee Geo. W. Gordon. The graduate watchmaker.

Church Meeting

The first Annual congregational meeting of the Institutional Church was held on Wednesday evening. There was a fair attendance of the members and adherents of the church.

In the unavoidable absence of A. Cameron, chairman of the Board of Managers, Robert Holmes presided. Several financial reports were presented and approved.

Five new members were chosen to act on the Managing Board. E. Milley, J. L. McKibbin, D. R. McKibbin, Thos. Parry and Dr. Ross. The old members were asked to retain their positions on the Board.

It was agreed that the salary of the pastor be raised \$50.00 per year making it \$1,000 per annum.

After the business of the meeting was finished the company moved to the Clubroom where refreshments were served and a very pleasant social hour was spent.

Clark's Show at Frank on the anniversary of Bobby Burns was well attended the hall being crowded. The vaudeville pictures and dance being very much appreciated.

CARNIVAL

The second grand carnival will be held in Coleman on February 1st. F. G. Graham has arranged for contestants from all parts of the Pass so that this carnival will be the most picturesque ever held in Coleman. The judges will be elected on the evening of Feb. 1st and donate the following valuable prizes.

Best ladies costume, Hand Bag. Best gents costume, best Calabash Pipe. Most comic costume, Ornula Gold Photo Stand. Girls under 15 years, magnificent Jewel Case. Boys under 16 year, Watch.

All parties in costumes will please hand their name and what they represent in at ticket office before going on ice.

The Vitality of Annuity

The question is often asked: "Why do annuitants live longer, on the average than other people?" The great factor in the question of course is, that those people live the longest who have the least worries. It is a truism that worry kills more people than work does. Take from a man the primal worry of existence, the worry about his bread and butter, and you leave his mind free for higher and more healthful activities. Burden a man with the fear of the poorhouse or a destitute old age and you cripple his right arm. A man who is ever saving against the evil days and then learn years, fearful that some storm may break at any time to destroy his hoard of grain, comes often to those same lean years with some substance but with shattered nerves as well.

For all men and women it is well that the Government has provided a means whereby saving may be laid aside for the future with perfect confidence that they shall be available when old age comes. "I am fearful," says one, "not that I must die, but that I may be a burden on others, in my last days."

A Government Annuity will not solve all such problems, but it will solve, and is solving, many of them.

FRED. ALDERSON FUND

The Fred Alderson fund closed to-day. Those who contributed so largely deserve the thanks of all workmen in the town as the liability of accident is still an unsolved question and those who contribute once can be depended to assist those in need again.

HOCKEY

Coleman took both games from Blairmore on Saturday Blairmore was in Coleman on Saturday while the locals journeyed to the cement town on Wednesday.

Saturdays game was marked by a small argument over a near goal shot, which didn't come near enough to wink at the goal keeper. The score at half time was 3-1 Blairmores favor. The locals up during the last quarter pulled and when the whistle blew Coleman led by a score of 8-5.

C. M. O'Brien Visits Coleman

The genial member for the Rocky mountain constituency visited Coleman on Wednesday night leaving on Thursday for Fernie. A representative of the Miner interviewed Mr. O'Brien in regard to provincial topics.

The member stated that the bi-weekly pay bill will again be brought up in the legislature next year. He hoped to see it pass next session.

Mr. O'Brien considered that vote of \$7,500 to the premier for his coronation trip was not excessive and in keeping for the occasion. The provincial elections declared the member would not come on for another year. He however thought a dominion election probable at any time now.

Frank Notes

There is no truth in the report of the Lethbridge Herald that there is a strike on in Frank. So far as this year the management and men have worked harmoniously.

Owing to J. W. Graham being out at the Coroners inquest during the village campaign he was unable to see any of the ratepayers. Mr. Graham was a satisfactory councillor.

FAREWELL TO MISS KELLY

Belleuve lost one of its most popular lady residents, on Tuesday when Nurse Kelly, left for Pincher Creek, where she intends staying for a few weeks before resuming her work in another field. The Shannon Club, of which Miss Kelly was secretary, gave a farewell party on Monday evening. A very enjoyable time was spent the programme including cards, dancing, songs and riddles.

A tasty supper was served at 11 P. M. to which full justice was done. The President, W. R. Foster expressed the regret that the club felt at the loss they were about to sustain.

Miss Kelly made a suitable response. Nurse was a general favorite in town, and her cherry presence and bright smile will be greatly missed.

Agriculture of Schools

The Hon. Duncan Marshall, Minister of Agriculture, announced this morning the Department of Agriculture had completed arrangements for the holding of three Short Course Schools in the province during the months of February and March. These schools will be similar to the ones held last winter, and will be held at Macleod, Innisfail and Vermilion, and will be of two week duration each. Besides these schools, a school for one week will be held at Strathmore in conjunction with Prof. Elliott, who is in charge of the C. P. R. Experimental Farms. Prof. Elliott has assisted the Department at institute work, and will during the coming winter give the Department assistance at this work, and in return for this the Agricultural Department is sending its entire outfit of stock used at the short course schools, as well as the lecturers in charge of the work, for one week to Strathmore. Two car loads of pure bred stock will be carried to these different schools and instruction will be in breed types, feeding, breeding and care and management of live stock. The first week of each of the schools will be the live stock week, and the second week the following subjects will be taken up:

(1) Grain Soil and Weeds—The Growing Judging and Grading of Grains. "Soil Cultivation", "Noxious Weeds", "Grasses and Fodder Crops". Samples of Grains, Grasses and Weeds will be used for demonstration.

(2) Poultry—"The Housing", "Feeding and Rearing", Incubators and brooders will be in operation. Birds will be fattened, killed dressed and packed for market.

(3) Dairying.—Instruction in Dairying will cover the subject from the production of milk to the marketing of the finished product, with farm dairy machinery in operation.

At each Course there will be judging Competitions hold, and prizes offered for proficiency.

The Schools will be held as follows: Beginning at Strathmore, February 6th to 11th, inclusive; Macleod, February 13th to 25th; Vermilion, February 20th to March 4th; Innisfail February 28th to March 11th. Prizes will be awarded at each of the schools in the Judging Competition, and then a grand Challenge trophy will be offered by the Provincial Department of Agriculture at the Innisfail School for competition to teams from the four schools those teams to consist of four men standing the highest in the local competitions. The teams from Strathmore, Macleod and Vermilion will have their expenses paid to Innisfail by the Board of Trade in the towns. These short course schools are entirely free and open to anyone who cares to attend. The Boards of Trade and Agricultural Societies in the different towns in which they are held are making arrangements so that the board of students attending the schools may be obtained at a reasonable rate. The Department has secured the services of some excellent men in connection with these schools. Among these is Prof. W. L. Carlyle, Dean of Agriculture in the Idaho State University, Moscow, Idaho, who will take the judging classes in heavy horses and beef cattle. Arrangements are not yet completed for all the teachers at the schools, but the services of some other excellent men, as well as men in connection with the Agricultural Department, will be given to the classes in these several schools. Road To West Coleman

The early construction of the road to West Coleman through the C. P. R. right of way should not be delayed another three months. Besides consolidating these two sections of the town the benefits to our business men would be much enhanced.

But perhaps the greatest profit will be derived in several years when the great coal deposits of Sentinel be which are being developed will be opened as mines. Unless we want another town fast rising up to the west of us, we should not hesitate.

To-day the mines at Sentinel are supplied by merchants outside of Coleman. The heavy haulage over the Whiteside cut will not permit of a stoppage at Coleman for supplies. Coleman is thus losing hundreds of dollars a month. This road has become a red hot vexed question and we want it completed this spring.

NOTES AND COMMENT

The lumberjacks have ceased praying for snow.

Is there any more challenge cups to be presented? Coleman will have a first mortgage on them if any turns up.

The Lethbridge News advises its readers to fill their back yards and cellars with coal. It keeps most of them going to keep the stoves full this weather.

Our Lady of the Snows is present.

The President of the Board of Trade in Lethbridge prophesies a wet season. Judging from present conditions the prophecy is an easy one.

The Miner will give wide publicity to all correspondence on municipal matters. Two letters in this issue should be carefully perused.

We hope the Board of Trade will consider the formation of a publicity department for Coleman. A live department can do much to make Coleman a live city.

Premier Sifton is giving the Ontario Tories a few refreshing remarks on provincial conservation.

C. M. O'Brien intends to keep up the fight for a bi-weekly pay.

"The street by-law" is published. It will pay to read it as there are clauses which may easily cause an alienation of the pocket book.

The House of Commons is to pass an anti-tipping law. There is no more pernicious habit in the country than this. The recipient is always lowered in the eyes of the giver.

Henry James has a great knack of saying the right thing at the wrong time.

The duty on coal is to be reduced. This means that a market for the coal of the Crow's Nest Pass has been obtained which will call for double the present production.

Salvation in Toronto the Good is not free. The late evangelical campaign proved this as financially correct.

Coleman should be a centre for a Dräger Safety apparatus station. We have two large mines and are in easy access of the other mines of the Pass.

Councillor Shone may or may not resign.

Coleman is famous, she now has a goal of her own, bought and paid for.

Correspondence

Coleman, Alta.,
Jan. 26, 1911

To the Editor of the Miner
Dear Sir—I am amused at reading the letter signed Ratepayer who wishes to see D. Hyslop take S. Shone's place in the council. As Mr. Hyslop has not the confidence of the people to be their Mayor or even a school trustee with all his knowledge of Municipal affairs, I think he had better start a town of his own and perhaps he would get a show, and as for the remark "a strong man is needed" by the votes Mr. Hyslop manager to get at each election, then either himself or his party must be very very weak.

Thanking you,
RATEPAYER

Coleman, Alta.,
Jan. 24, 1911

To the Editor of the Miner
Some time ago a man worked for the L. C. & C. Co. Through an explosion he was maimed for life. Now at the present time he has lots in town with buildings upon them and I think I am right in saying he is getting a fairly good living from the rent of his property. Yet every year when the general public are notified to pay their taxes this man under some plea or other manages to get his taxes rescinded.

There were also men who have lost their lives while working for the L. C. & C. Co. and have in many instances left wives and several children who were dependent upon them. In the majority of these cases the children are of tender age and it is impossible to keep the homes going as they formerly were. Yet these women have to pay taxes while Mr. Man, who gets his living by proceeds of property, does not.

Now Mr. Editor, I should like to know why Mr. Man, is so deserving as to have his taxes rescinded and the Widows cannot. I think myself that if the Town Council cannot rescind them all well let all pay and in any way the women should have a show before the men. If I find some of the readers will take this up.

Thanking you,
Ratepayer with property.
